Standard Lockers

- Solid and perforated door lockers with improved security
- Rivetted/welded cold rolled mild steel construction
- Durable epoxy powder coated for a high quality chip-resistant finish
- Single door lockers fitted with hat shelf and double coat hook
- Rail as standard on 450mm deep 1 and 2 door lockers
- Door stiffeners for added strength and security
- Vents in top and bottom for improved air circulation
- Recessed camlock with plastic card holder
- Fitted with standard deadlock with 2 keys
- Other sizes available upon request

Shelves have an extended lip to provide a division between doors, offering protection against doors being prised open.

The cam locks through the door into a slot in the frame to provide more rigidity and added security. **More lock options available - see p16.**

BioCote Reduces the levels of harmful bacteria such as e-coli, MRSA & Salmonella on contact surfaces up to 99.9%
